Organized by

Zephyr Mangata, EKORA

International Lake Environment Committee Foundation(ILEC)

## What is Youth Power in Action?

This is a youth program at the **19th World Lake Conference**. The session will explore and discuss how youth from various countries and regions, who will be responsible for the future, can be involved in the conservation of the lake basin in a sustainable manner. By exchanging ideas while taking into account the circumstances of each country and region, the youth participants will learn and think about the environment of the lake basin from diverse perspectives, and compile recommendation from the youth. Why don't you join us and think about what you can do for the lake conservation together?

## Program

10:00-10:05 Opening Remark

10:05-10:20 Presentation of Youth Activities from  
Japan, Hungary, Kenya, Uganda and USA

10:20-11:25 Introduction to Recommendations of each country  
Discussion Time to finalize the youth recommendation

11:25-11:30 Closing

## About World Lake Conference

The conference is globally recognized as a place for multi-sectoral participants (i.e., academia, government, citizens, NGOs and enterprises) to exchange their views and experiences on the sustainable management of lakes and their basins. It is held generally every two years in various parts of the world under the cooperation of the International Lake Environment Committee (ILEC), and the 19th World Lake Conference will be held in Balatonfüred, Hungary, on November 7-9, 2023.
