International Symposium 2022

“Fostering the Value of Lakes for Future Generations”

<Program>

Part 1 Lake Ecotourism Contest (10:00am~12:30pm)

This contest will create opportunities to think about how lakes and their basins provide us with blessings, and how we can conserve them while making wise use of them.

We also aim to develop global human resources who will present at the next Lake Conference.

- Opener (Ecotourism video of Lake Biwa)
- Remarks
- Ecotourism presentations on lakes and wetlands (About three cases are presented by students in Japan)
- Introduction of case studies of ecotourism in Japan and overseas
 - Japan: Higashiomi Ecotourism Promotion Council, Makino Nature Observation Club
 - Overseas: Lake Balaton Development Council, The International Ecotourism Society
- Judging/Announcement/Critique: Winners will be offered the opportunity to present at the 19th World Lake Conference (Lake Balaton, Hungary).

Part 2 International Symposium 2022 (1:30pm~4:30pm)

“Fostering the Value of Lakes for Future Generations”

Through lake ecotourism around the world, we will discuss protecting the cultural, historical, scenic, regional, and ecological values of the lakes and passing them on to the future.

- Keynote Speech
 - Dr. Junko Owada, Doshisha University “World Agricultural Heritage ~Lake Biwa System~” (TBD)
 - Dr. Thomas Schaefer, Global Nature Fund “Ecotourism and Lake Environmental Conservation Overseas” (TBD)
- Panel Discussion “Toward Sustainable Use of Cultural Services at lakes” (TBD)
